

NCCAUS 2025 Annual Technical Symposium
& Equipment Exhibition

**Fusion Frontiers
in Vacuum Science**

February 27, 2025

CALL FOR ABSTRACTS

2025 NCCAUS 44th Annual Technical Symposium & Equipment Exhibition

Held in conjunction with the Annual Student Poster Session

Abstract Submission Deadline:
November 1, 2024

We are excited to announce this year's Symposium on "Fusion Frontiers in Vacuum Science," and we would be thrilled to have you participate. This event is a unique opportunity to share your expertise, engage with leading professionals, and explore the latest advancements in vacuum science.

This event will be held in person at the Fremont Marriott Silicon Valley. It will feature a student poster session, over 60 vendors, plus representation from top companies, universities, and government organizations.

We encourage all scientific and engineering professionals and students from academia, government labs, OEMs, end-users, and materials suppliers to provide contributed talks to the Symposium. Your insights would be a valuable addition to the discussions.

This Symposium provides an international forum for academic researchers, industrial practitioners, and engineers from around the world to exchange information on state-of-the-art research. The NCCAUS promotes this mutual exchange of opportunities, ideas, friendly relationships, and research collaboration.

We encourage you to submit an abstract for consideration. Thank you for considering this opportunity. We look forward to your potential contribution.

Abstract/Presentation Submission Details:

- Please submit an abstract (less than 200 words) of your presentation to the Technical Symposium and Exhibition Chair, Chris Malocsay at chris_malocsay@avs.org.
- Abstract Submission Deadline: **November 1, 2024**.
- Selected participants will be notified by e-mail.

SUBMIT YOUR ABSTRACT NOW

All presentations will be posted on the NCCAUS Users Groups webpage within 2 weeks following the meeting.
